VISION

McClelland College's vision is to ensure that every student can access a personalised learning approach where their needs (literacy and numeracy standards) and wants (choice of elective subjects) are accommodated.

MISSION

McClelland College's mission is to provide a safe, supportive and inclusive environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

OBJECTIVE

Our school's objectives are considered as part of the 4 yearly strategic planning process and reflected in the goals listed in our current School Strategic Plan (SSP). We also develop an Annual Implementation Plan to operationalise the goals and key improvement strategies contained in our SSP.

VALUES

McClelland College's values are Growth, Ownership and Community.

Our College values of Community, Ownership and Growth drive everything we do and help to ensure that we develop our students to have a strong sense of community. For students to be successful at secondary school they must also develop the ability to take ownership or responsibility for themselves and work to constantly improve from where they begin. Another prerequisite for success is all of us working together to develop a supportive and strong three-way partnership between home, students and school. We believe strongly that high expectations will empower students to be responsible for their own learning.

McClelland's College Values were derived from what students, teachers and parents thought underpinned success in life. We believe that Community and Responsibility build together to support Success.
