

Dear Year 9 parent/guardian,

McClelland College is looking forward to another great year of teaching and learning and would like to advise you of our college's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Extra-curricular items and activities are provided on a user-pays basis.

Ongoing and continued support from our families, in regards to financial contributions to our college, ensures that our school can offer the best possible education, allowing our students to have a wide choice of subjects to pursue their chosen pathways, as evidenced in our VCE and VCAL results.

As you may be aware, the college has had a number of upgrades over the last few years, with the gym and learning areas that optimise the student's education, and a number still to be completed. Not all of this work is funded by the Department. We also invest heavily in student welfare, be it School Wide Positive Behaviour, Hands on Learning, Outreach Education Program or the any of the services offered by our extensive Well Being team.

Even though payments are voluntary, any curriculum contributions or other contributions we receive, enables us to provide the best possible opportunities for our all students. McClelland College is an inclusive school where every child is supported and provided for. Your continued support allows us to create this environment in our college and the resources required.

For further information on the Department's Parent Payments Policy please refer to our college website under Parents' page.

Yours sincerely,

Amadeo Ferra
